All contracts booked subject to crop, pro rata

We give no warranty express or implied as to de-
scription, purity, productiveness or any other matter

TO OUR FRIENDS AND CUSTOMERS

This is our bid for your business for the coming
crop of 1933 Beans and Peas which we have been
growing for past forty years. We cannot afford at
these prices to send a traveling man to see you per-
sonally; the margin of profit does not warrant that.
We hope to receive your order by mail.

On the last page of this sheet you will find spot
price on such goods as we have in surplus crop of 1932.
